

## CANTINE APERTE 2017: ALL DETAILS OF "WINETOUR" WITH FRASSINA AND BORGO STAJNBECH

The CANTINE APERTE Sunday is an indispensable tradition for lovers of good drinking throughout Italy. But at the usual appointment in the cellar, scheduled for **Sunday 28 May**, **La Frassina and Borgo Stajnbech** have decided to add a new, very interesting initiative. Adriana and Lucia are pleased to offer you a different afternoon of culture, good wine and good food between the land and waterways of the beautiful town of Portogruaro (VE) on Saturday, May 27th. It will be an original way to wait for Open Wineries surrounded by art, taste and good company!

### **Saturday 27: "Portogruaro wine tour"**

**Visit and tasting in the cellar from 10am to 6pm**

**16.45 - Meeting in Portogruaro, Piazza Castello**, for a guided tour of the artistic beauties of the city, discovering the many treasures kept in the noble city born in medieval times and becoming important during the hegemony of the Republic of Venice. To follow - Aperitif at the fine Italian Bar with the wines of Borgo Stajnbech and La Frassina

**20.00 - Dinner on board the boat "Ristorante San Lunardo"**, Piazza Dogana, where you can enjoy a delicious menu accompanied by the best wines of the organizing wineries.

### **Sunday 28: "Hemingway wine tour"**

**Visit and tasting in the cellar from 10am to 6pm**

The Frassina welcomes you in the vineyards and in the cellar making you look over the work of the vineyard, from the scents of the vineyard to those of the wines. It's an unforgettable opportunity to get closer to our work, breathe the air and the atmosphere of the countryside and the surrounding environment.

In fact, the excursion to the "Burcio", a typical Venetian boat, will be missed. We will take you to the dear places in Hemingway, in the lagoon of Caorle among cannoles and casoni, where even today as many species of aquatic species are nestled today.

We like the idea of creating in you the olfactory remembrance of this land, from the vineyards to the lagoon, to help you discover and find the same scents in our wines.

Frassina and Borgo Stajnbech thank Tour In Venice Otherlands, Bar Italia and Restaurant San Lunardo for their kind and active participation in the realization of this initiative.
